Good to know because our direction here is to gear up for close outs by County with approval of County Judge. John has drafted up revised documents base on Ike to accomplish this.

**Subject:** transition

We you get a chance, we should talk transition. I think I heard something yesterday on the noon call about transition documents. I talked with Kelly about what we did in Katrina and he was not in favor of that approach. He basically said we are there at the state's request and if we need something from the state, he is happy to send us an email stating that we met their request for assistance.
